For Arm Heights and Weight Limits please refer to each specific product page.

\*Please Note: **PortWay** only available with Medium width (20½"/520mm) on all models

**Wendover** only available in standard sizes

**Mistley** only available in standard sizes unless 'upgraded' to enable bespoke dimensions as per chart options

Please also note that a 25mm/1" foam alteration on the seat module will affect the arm height accordingly.

- On soft and waterfall backs achieved by adding 25mm/1" to front of seat, therefore wrap may overhang front of arms but will not increase legrest length by extra 25mm/1"
- Only available on firm back
- Not available on firm back
- Achieved by using thinner foam - not available on extra wide chairs, with Intelli-Gel® seat wrap or drop in cushion.
